WARRANTY AND EXTENDED WARRANTY

STANDARD WARRANTY

Your new appliances come with a one year manufacturer's warranty against defects in materials or workmanship, unless otherwise specified in your product manuals. Your warranty is effective from our Date of Completion.

Please Note: If your manufacturer's warranty has expired, any service calls will be subject to a service charge and any other applicable charges required to repair your appliance.

If your appliance is under the manufacturer's warranty, but after inspection, it is determined to not be a warranty related matter, a service charge will be applied. To avoid additional or unnecessary charges, please read your use and care manual thoroughly prior to requesting service.

Any services provided must be under the direct authorization from the homeowner. If the tenant is booking service directly, they will be asked to provide a credit card number.

Should you have any service requirements, please contact:

SAMSUNG Electronics Canada Inc directly at: 1-800-SAMSUNG (726-7864)

WHIRLPOOL directly at: 1-800-807-6777

During this call, you will be asked to provide the following:

- Model Number of the Appliance
- Serial Number for the Appliance
- Home Address and Contact Information
- Date of Possession of your Home

Further warranty and service information can be found on the manufacturer's website.

EXTENDED WARRANTY

As a purchaser of The 881, you are eligible to purchase a Home Appliance Protection Plan.

If you have questions, or would like to purchase Home Appliance Protection Plan, please contact Gurdeep Singh at: 1-250-475-0277
